Commodity Insights

Supported by:

HYDROGEN ASSOCIATION OF INDIA

As the nation embarks on its ambitious National Green Hydrogen Mission, this conference serves as a vital platform for senior decision makers from leading companies to explore the strategic implications and opportunities presented by hydrogen as a clean energy source. From boardroom strategies to ground-breaking technology, this summit brings together the expertise needed to turn India's hydrogen ambitions into reality. We invite you to join us in this crucial dialogue as we collaborate to drive innovation and sustainability in India's hydrogen economy.

With special addresses from:

**Honourable Minister Pralhad Joshi of the
Ministry of New and Renewable Energy**

**Honourable Minister Hardeep Singh Puri of the
Ministry of Petroleum and Natural Gas**

**Mission Director, National Green Hydrogen Mission,
Abhay Bakre of the Ministry of New and Renewable Energy**

Secure your spot now to join the select group of senior hydrogen decision-makers for a carefully curated agenda covering the industry's most pressing issues and opportunities.
